

# MIDDLE SCHOOL GOLF LEAGUE

## RULES TO DISCUSS AT THE BEGINNING OF EACH MATCH

- We will be playing Holes: \_\_1 - 5\_\_
- Pace of Play
  - READY GOLF – Please be ready to play when it's your turn. When approaching teeing ground, "honors" if they're ready, first-come if not.
  - Please do your best to stay as close behind the group in front of you.
  - Try to limit the number of practice swings before a shot to 2.
  - Total score on each hole is **DOUBLE PAR** and after you've reached that point, please pick up your ball and move on.
  - When you're on the putting green, please finish up w/o marking your ball, when you're inside the length of the putter
- Rules
  - Remember to swap scorecards with another person in the group
  - In hazards, especially in sand traps, you are not allowed to ground the club before a shot or touch the sand with any of your practice swings.
  - The flag stick must be out of the hole when your ball is on the putting surface.
- Etiquette
  - Whomever is closest to hole when on the green, please pull the flagstick.
  - Please try not to drag your feet on the putting green and try to be aware of where you're walking on the greens
- I want to remind all parents to only say encouraging words **BETWEEN HOLES ONLY**, no coaching. You can help them continue moving, and can help with rules questions/concerns and dropping procedures for hazards/OB/etc.
- Spectators and coaches please help shuttle kids to and from their starting holes, as well as from the furthest hole back to the starting hole. **NO KIDS STANDING ON THE BACK OF THE CARTS, PLEASE.**
- After play, give scorecards and pencils back to your coaches. Coaches turn in all at one time.
-
